Be Careful When You Buy Items With Your Check Card

Because many people now use their debit cards (also known as check cards) to pay for purchases, many thieves are targeting check card owners. To keep your account safe, please take the following precautions with your Pathway Credit Union Check Card:

- If you are shopping online, use a credit card instead of your check card. If there is a problem with your purchase, you'll have better protection under your credit card's policy.
- Whenever possible, sign for your purchase rather than entering your PIN (Personal Identification Number). Thieves can often peek over your shoulder to see and copy your PIN, but it is harder to duplicate your signature.
- Carefully check your account statements each month. If you notice transactions you didn't make, notify the Credit Union right away by calling 423-479-2168.
- Get a copy of your credit report each year to make sure no new accounts have been opened in your name. By federal law, you can get a free copy of your credit report from each of the credit reporting agencies: TransUnion, Experian and Equifax. Visit www.annualcreditreport.com for details.

If you don't have a Pathway Credit Union Check Card, get one today! It's free with a Pathway Credit Union Checking Account. For more information, stop by the credit union, call 423-479-2168 or email us at info@pathwaycredit.com.
